Call us today on 9953 1264 to arrange your pet's SENIOR HEALTH CHECK.

**IDEXX**  
LABORATORIES

**4 Paws Vet**

### Is your pet hiding something from you?

Pets are very good at hiding the early signs of ill-health as they age. Our mission at 4 Paws Vet is to keep your pets happier and healthier for longer by helping to detect any signs of disease in the early stages. The best way to diagnose conditions such as heart failure, diabetes and kidney failure early on is to conduct screening blood and urine tests.

So, during June and July, 4 Paws Vet is offering you **SENIOR PET HEALTH CHECKS FOR ONLY \$150** (represents a massive saving of around \$105!). This includes:

- A consultation (valued at between \$88.90-\$108.90)
- A comprehensive blood test (valued at \$119.95)
- A urinalysis test (valued at \$47.75)
- **PLUS a FREE 1.5 bag of Hills Pet Food (valued at \$30)**
- **AND a FREE 'wash and tidy' at Pets in the City (valued at \$43-\$60)**

### August is Dental Health Month

- As part of dental health month, 4 Paws Vet will be highlighting appropriate dental care for your pets
- Dental disease can be really debilitating to your pet and can often go on undetected until your next visit to the vet, so we are providing the following special services and offers during August:
  - FREE dental health checks with one of our highly skilled and trained nurses
  - FREE demonstrations on brushing and caring for your pets teeth – call us or check out our Facebook page or website for special demonstration times
  - Samples of Hills unique dental food t/d to give away with consultations
  - PLUS, during August only, you'll receive 10% off any dental procedure
- Call 4 Paws Vet today on **9953 1264** to enquire about or to book in for any one of these special services.

## Staff News

- We'd like to welcome our new receptionist, **Rachel Thompson**. Rachel has joined 4 Paws Vet after many years working at SASH.

Rachel is passionate about animal health and providing a high level of customer service to clients. She is also the devoted owner of "Ruby", her Sharpei / Labrador cross. We are very happy that Rachel has joined us at 4 Paws Vet.

- We'd also like to introduce to you our new veterinarian, **Dr Andrew Slade**. Andrew has joined us from a small animal practice in the inner west of Sydney. Andrew has a special interest in canine and feline medicine and surgery. Originally from the northern beaches of Sydney, Andrew's hobbies include surfing, swimming and other outdoor activities. Welcome Andrew!
