Staff News!

- We bid farewell to **Amy** who is taking maternity leave. We wish Amy all the best with her new adventure and look forward to having her back on board sometime in 2017!

August is Dental Health Month

- As part of dental health month, 4 Paws Vet will be highlighting appropriate dental care for your pets
- Dental disease can be really debilitating to your pet and can often go on undetected until your next visit to the vet, so we are providing the following special services and offers during August:
 - **FREE** dental health checks with one of our highly skilled and trained nurses
 - **FREE** demonstrations on brushing and caring for your pets teeth – call us or check out our Facebook page or website for special demonstration times
 - **FREE** samples of Hills unique dental food t/d to give away with consultations
 - **PLUS**, during August only, you'll receive 10% off any dental procedure

Is your pet hiding something from you?

Pets are very good at hiding the early signs of ill-health as they age. Our mission at 4 Paws Vet is to keep your pets happier and healthier for longer by helping to detect any signs of disease in the early stages. The best way to diagnose conditions such as heart failure, diabetes and kidney failure early on is to conduct screening blood and urine tests.

So, during June and July, 4 Paws Vet is offering you **SENIOR PET HEALTH CHECKS FOR ONLY \$189** (represents a massive saving of around \$140!). This includes:

- A consultation (value \$89.95 - \$109.95)
- A comprehensive blood test (value \$138.50)
- A urinalysis test (value \$41.50)
- A blood pressure check or two nights boarding for cats (value \$60.00)
- A 'wash and tidy' at Pets in the City for dogs (value \$45.00 - \$62.00)
- **PLUS a FREE bag of Hills Science, Ideal Balance or Prescription Diet (value \$27.00 - \$78.00)**

What else is new at 4 Paws Vet?

Apoquel

Apoquel is a new oral medication specifically designed to treat itching associated with allergic skin disease in dogs. It is a brand new class of medication and is not a steroid. It works rapidly to reduce your dog's desire to scratch and itch, and decreases associated redness and swelling of the skin.

Apoquel is easy to administer as a tablet, and has very minimal gastro intestinal adverse affects. If

you think that Apoquel can help your dog, please feel free to speak with one of our Vets.

Hills canine i/d stress food

A new revolutionary Hills prescription diet is now available for dogs up to 14kg who suffer from stress-related digestive upset. It's called Hills canine i/d stress and it is available in a dry and wet food formula.

This food is low fat and easily digestible. It contains pre-biotic fibres, omega 3s, ginger and antioxidants to help promote beneficial microflora, improve digestion, and supports a healthy immune system.

The 4 Paws Vet Senior Pet Health Screening Program has managed to diagnose and treat pets with cancer, Cushings disease, pancreatitis, renal disease and overactive thyroid. Make sure you book your senior pet in for an appointment before the end of July to take advantage of our amazing offer.

Pets in the City News

Reinvented!

Over the last few months we have been working hard to take Pets in the City to the next level.

Doggie Day Spa Renovation

We are proud to announce that the renovation and expansion of the lower north shore's busiest dog grooming business is now complete. This will mean reduced waiting times for appointments in this thriving dog pampering palace.

We now have three distinct zones for your pooches -
Social Central - Our fav - where the dogs are free to meander the salon and play with each other.
Quiet Corner- For the dogs that just want to relax and put their feet up.
Cabin Corner- For the dogs that are just so super excited to be here and need a timeout.

Phone us for an appointment on 9953 7387

Meanwhile.....

Front of house in our Pet Boutique we have been searching worldwide in order to source a new selection of fabulous, well priced products that are different and exciting. We now stock a new range of fashion, toys, beds, treats, harnesses, collars, leads and so much more to spoil your pets.

We also now have selections of 'Black Hawk' and 'Ivory Coat' premium dog food products to compliment our full range of 'Hills' Dog and Cat food products we stock at 4 Paws Vet.

Pop in and check out our new range.
